ELIGIBILITY GUIDELINES

We offer several programs designed to meet the needs of the above mentioned classes of business. Below are the programs we offer as well as the classes that fit with each:

- Architects & engineers firms are underwritten in one of three programs depending on size as well as varying services:
 - Small Firms (Annual billings \$0-\$500,000)
 - Mid-Size Firms (Annual billings \$500,001-\$20 million)
 - Large Firms (Annual billings in excess of \$20 million)
- The Specialty Construction Consultants program is designed for construction consultants (see above) of all sizes.
- Landscape Architects and Land Surveyors of any size are also eligible for professional liability coverage.
- EPLI, D&O and Fiduciary coverage is offered as stand-alone coverage or in one multi-product package, E-Pack, for all the above classes.
