

Design Professionals Overview

Architects, Engineers, Consultants, Surveyors, Landscape Architects

WHY SCHINNERER?

Experience. We've been insuring architects and engineers for over 50 years. This longevity is a testament to our experience, and commitment to the design industry. We have architects and engineers on staff as risk managers, program managers and senior underwriters. We work closely with many associations and are commended by the AIA and NSPE. We advise their members regarding insurance, risk management and legislative issues.

Broad coverage. Because you may offer an array of services, we provide a form that is one of the broadest in the industry, with a wide range of limits and deductibles.

Risk management. While we're always here to expertly handle any claims, avoiding them all together is the best scenario. You'll find an array of risk management resources on the web at www.PlanetRiskMangement.com

Worldwide coverage. We will defend your claims, no matter where they are made.

Claims service. The claims services available in our program are the best in the business. There are claims specialists located throughout the country. These specialists average more than 20 years experience in handling construction industry claims and have a proven record in defending design professionals. Insured firms have immediate access to a claims specialist by phone and we encourage the use of pre-claims assistance. Very often, if an incident is reported early, a claim can be avoided.

WHAT DO WE OFFER?

DesignOne

To keep your business covered from every angle, we created DesignOne. It bundles all these insurance coverages to give you the most complete coverage possible:

- Commercial auto
- Directors & Officers (D&O)
- Employment practices liability (EPLI)
- Fiduciary
- General liability
- Professional
- Property
- Umbrella
- Worker's comp

These coverages are available to any size firm. And our property and casualty policy provides coverage for computer equipment, cell phones, valuable papers and media, accounts receivables, business property off-premises and for back-up of sewers and drains.

International Advantage - travel assistance

Our International Advantage policy is designed to protect your overseas business and employees. Your overseas office, equipment and documents are covered under this policy along with emergency assistance for your employees.

Kidnap & Ransom

Kidnap and extortion are real dangers for companies operating in the U.S. and overseas. Schinnerer's K&R policy can help reimburse your organization for the payment of a ransom following a kidnapping or extortion threat. Our policy also comes with access to experts that can navigate you through a kidnap or extortion event.
