**D**esignOne combines property, professional liability, general liability, commercial auto, umbrella, workers' compensation, employment practices liability and fiduciary liability coverage into one convenient, cost-effective program. It offers a single source of protection—one broker and one business insurance program.

DesignOne covers architects, surveyors, engineers, landscape architects, and other specialty design consultants. Also protected are virtually all project delivery methods, including design-build, joint venture, construction management services and traditional design-bid-build.

With property, casualty and professional liability coverages under one roof, design firms get the most comprehensive and flexible insurance programs available.

Available only through independent agents and brokers.
