

Favorite Bookmarks

This collection of bookmarks across our entire website highlights our risk management program for construction-related professionals, and is useful for brokers to familiarize themselves with our vast risk management offerings. We've also included links to our program toolboxes, pulling together all of the information that brokers need to write business with our various programs.

WHITE PAPER SERIES

Our white papers on select risk management topics provide in-depth analysis of complicated issues affecting the design and construction industry, from BIM to sustainability to international practice.

www.Schinnerer.com/risk-mgmt/Pages/White-papers.aspx

INTERNATIONAL PRACTICE RISKS

International practice resources offer informative discussion of the risks of practicing internationally. From licensing laws to tax regulations to contracts, firms need to plan strategically before starting work overseas.

www.Schinnerer.com/risk-mgmt/Pages/International-practice.aspx

CONTRACT REVIEW TOOLS

These tools and resources are useful guides in helping policyholders to identify potentially problematic contract provisions. Risk mitigation and allocation techniques are also suggested.

www.Schinnerer.com/risk-mgmt/Pages/Contract-review.aspx

PRACTICE MANAGEMENT TOOLS

Practice management tools cover a wide range of critical practice issues. We discuss employment practices, emerging risks including BIM and green design, and negotiation and dispute resolution.

www.Schinnerer.com/risk-mgmt/Pages/Practice-management.aspx

BENCHMARKING & CLAIMS STUDIES

We mine more than 45 years of claims data for benchmarking statistics on all facets of the design and construction process, from project types to problem areas to firm size and numerous other data sets.

www.Schinnerer.com/risk-mgmt/Pages/Claim-studies.aspx

NETWORK PROTECTION

A new cyber liability endorsement to our professional liability policy for architects, engineers and consultants. We have more than a dozen advisories on managing this unique risk.

www.Schinnerer.com/risk-mgmt/Pages/Network-Protection.aspx

ANNUAL MEETING OF INVITED ATTORNEYS ARCHIVES

Schinnerer's annual conference of defense attorneys to discuss both legal and professional practice developments. We collect their papers and presentations for their unique legal perspectives.

VOLUNTARY EDUCATION PROGRAM (VEP)

VEP is a flexible, self-structured, self-reporting continuing education tool that firms can customize and incorporate into their in-house training curriculum.

www.Schinnerer.com/risk-mgmt/Pages/VEP-intro.aspx

INSURANCE RESOURCES

We offer multiple insurance resources for a deeper understanding of professional liability coverage, our risk mitigation credit, and the claims handling process.

www.Schinnerer.com/risk-mgmt/Pages/Tools-understanding-insurance.aspx

PROPERTY & CASUALTY RESOURCES

We can help you better understand commercial general liability and property & casualty coverages.

www.Schinnerer.com/risk-mgmt/Pages/PandC-resources.aspx

All of the publications contained on the following pages are tailored to the unique risk factors for each discipline. The risks faced by landscape architects are often vastly different than those faced by contractors. While our A/E publications offer sound risk management strategies for common risk issues (contracts, fee disputes), the publications on the below pages discuss the finer details of these critical project members.

LANDSCAPE ARCHITECTS
